

Project Information Request Form

Project Information Request Form

Alumi Shield™

Purpose of form

To be used by Dulux Accredited Powder Coaters to request project information from architects, builders, fabricators and asset owners.

This form does not replace a warranty application. Information from this form must be entered into the pre approval warranty application in the Powder Portal.

1. Project Name and Address

Please complete the project name and address:

Each Dulux Alumi Shield™ Warranty is attributable to a project and a location. The project name must detail that location and building/item. This information is critical to identify the project and the warranty, eg University of Canberra Hospital, Block A.

Please note this cannot be a fabricator or a builder business name.

1.1 Project Name

1.2 Address Street

Suburb State Postcode

1.3 Dulux Specification (optional)

If you have received a Dulux Duspec Specification for this project please detail the specification reference number below:

Specification number

If you require a specification speak to your Account Manager or call our Advice line. Our dedicated consultants can help simplify the specification process, saving you time and money by providing the right coating advice for your project. Call 13 24 99 or visit duluxpowders.com.au

1.4 Additional project information

2. Project Type

2.1 Please select which project type the Powder Coating is for:

						
Non-habitable	Residential ←4 Levels	Residential →3 Levels	Commercial ←4 Levels	Commercial →3 Levels	Prestigious Commercial	Monumental
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3. Substrate

3.1 Select below the substrate material being coated:

Extruded
Aluminium

Sheet
Aluminium

Perforated
Aluminium

3.2 Does this project include aluminium welds?

Yes No

4. Components to be Coated

4.1 Select below the substrate material being coated:

Windows

Louvres

Doors

Balustrades

Decorative sheet

Other

For other please add detailed description:

5. Location

5.1 Select below the site location:

Interior				
<p>General Interior - Very low (C1) Dry interiors</p> <input type="checkbox"/>	<p>General Interior - Low (C2) Minor condensation</p> <input type="checkbox"/>	<p>General Interior - Medium (C3) High Moisture</p> <input type="checkbox"/>	<p>General Interior - High (C4) Significant contamination</p> <input type="checkbox"/>	
Exterior				
<p>Mild - Low (C2) Arid, urban, inland & city</p> <input type="checkbox"/>	<p>Mild - Medium (C3) Industrial & coastal</p> <input type="checkbox"/>	<p>Severe - High (C4) Sea shore calm</p> <input type="checkbox"/>	<p>Severe - Very High (C5-M, C5-I) Sea shore surf, heavy industrial</p> <input type="checkbox"/>	<p>Tropical - Very High (T) High, humid & monsoonal locations</p> <input type="checkbox"/>

If you are unsure please refer to the Alumi Shield™ documentation, visit duluxpowders.com.au, speak to your Dulux Account Manager or call the advice line on 13 24 99.

6. Project Environment – Exterior Projects only

6.1 Select below the site proximity to salt water (high tide mark), industrial environments, and or distance to other water/liquids e.g. outdoor pools where relevant.

To salt water (high tide mark)			To severe industrial environments		Distance to other water/liquids*	
Less than 10m from the high tide	Between 10 and 100m	More than 100m	Less than 5km	More than 5km	Within 2m (splash zone)	Greater than 2m from water/liquid
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

*Relevant for environments such as outdoor pools

6.2 If the proximity is within 2m of the splash zone please select water/liquid type.

Please note chemically treated water includes antimicrobial treatments, e.g. in pools, anti-corrosive chemicals, soapy water eg, in bathrooms, showers, etc. Note if the water is chemically treated a warranty cannot be claimed for areas within 2m of the splash zone.

Water Type			Other Liquid Type
Chemically treated (see above examples)	Clean tap or potable water	Salt Water	Please tick and detail in 6.3
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

6.3 Please describe the environment in more detail, listing any chemicals and the environment:

7. Project Environment – Interior only

7.1 Select below if the environment is humid or dry:

If the environment has a high moisture content (e.g. hot pools, steam presses, laundries etc) please state humid.

Humid Dry

7.2 Select below if chemicals are present:

This is to capture if chemicals are used in the environment of the powder coated item and is particularly relevant to manufacturing or industrial environments. If there are no chemicals used please tick other. Please note that environments that are strongly acidic (e.g. pH less than 5) or strongly caustic (e.g. pH greater than 9) or where strong solvents are prevalent no warranty is available.

Yes* No Other

*If yes please detail chemicals present in 10.5

7.3 Select below the proximity to water/liquid:

Please note if the powder coating is immersed in water no warranty can be given

Within 2m (splash zone) Greater than 2m from water/liquid

7.4 If the proximity is within 2m of the splash zone please select water/liquid type:

Please note chemically treated water includes antimicrobial treatments, e.g. in pools, anticorrosive chemicals, soapy water in bathrooms and showers etc. Note if the water is chemically treated a warranty cannot be claimed for areas within 2m of the splash zone.

Water Type			Other Liquid Type
Chemically treated (see above examples)	Clean tap or potable water	Salt Water	Please tick and detail in 7.5
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

7.5 Please describe the environment in more detail, listing any chemicals and the environment:

8. Product Details

8.1 Product choice

Duralloy

Precious

Duratec Intensity

Duratec Zeus

Duratec Eternity

Electro

Fluoraset

8.2 Core Line or Made to Order

Please detail if chosen colour is a core line from our range (this will be detailed on your price list) or is a made to order line.

Core Line

Made to Order

8.3 Colour name and product code

Please detail the chosen colour and product code.

8.3.1 Colour Name

8.3.2 Product Code

9. Other Parties involved in the Project

Please detail below all parties involved in this project where applicable:

9.1 Fabricator:

Company Name	<input type="text"/>
Main Contact	<input type="text"/>
Phone Number	<input type="text"/>
Email Address	<input type="text"/>

9.2 Builder or Developer:

Company Name	<input type="text"/>
Main Contact	<input type="text"/>
Phone Number	<input type="text"/>
Email Address	<input type="text"/>

9.3 Architect, Specifier, Designer:

Company Name	<input type="text"/>
Main Contact	<input type="text"/>
Phone Number	<input type="text"/>
Email Address	<input type="text"/>

9.4 End user, asset owner or consumer if applicable:

Company Name	<input type="text"/>
Main Contact	<input type="text"/>
Phone Number	<input type="text"/>
Email Address	<input type="text"/>

10. Notes to Powder Coater

Blank area for notes to powder coater.

Advice line
